

Fishing Line (Monofilament) Recycling Sponsorship

Your tax-deductible donation of \$75 will sponsor one outdoor (PVC) fishing line recycling station like the one shown (complete with sign and installation). Your sponsorship will be indicated on an engraved plaque on the sign. You may request a specific location where you would like your station installed, or can request that it be placed where most needed (in Flagler, St. Johns, Duval or Nassau counties). To sponsor one (or more) of the recycling stations, please send this completed form, with a check for \$75 per station (made out to Friends of Agricultural Extension Foundation, Inc) to the following address:

NE Florida Sea Grant Extension Program
3125 Agricultural Center Drive
St. Augustine, FL 32092

You will be mailed a receipt, along with the federal tax ID number for your records.

Questions? Call 904-824-4564 or e-mail mpmcquire@mail.ifas.ufl.edu

Yes, I would like to sponsor the fishing line recycling program.
